SECTION I DEFINITIONS

Assisted Business – The business that is the end recipient of BSTF financial assistance received through a cooperative endeavor with a local or tribal government. The business must commit to creating the corresponding level of new eligible jobs (see definition below).

Average County Wage – The wage that will be used to determine whether new jobs meet program eligibility requirements to qualify for BSTF Category I program assistance. The current average annual, weekly and hourly wage thresholds may be obtained through the BSTF program web site at www.bstf.mt.gov or may be requested from the Department. These figures

are based upon the average weekly wage data produced by the Montana Department of Labor and Industry for the most current year available.

Basic Sector Company –

- A business that generates more than 50% of their total dollar sales from outside Montana; or
- More than 50% of their product or services enters into the production of products exported outside of Montana; or
- A business defined as a “value-adding business” by the Montana Board of Investments.

Contractor– A contractor is an individual engaged by a business to provide a specific set of services. A contractor is not an employee of the assisted business. He/she is a self-employed person who operates their own business, usually as a sole proprietor, or he/she could be an employee of a proprietor. He/she is hired for a specific task or project, negotiates their own pay rates, pays their own income and payroll taxes and purchases their own benefits individually.

In-kind Contribution – A contribution of donated time and effort, real and personal property, and goods and services. This type of match is not considered as part of the \$1 for \$1 or \$1 for \$2 match requirement for Category I Economic Development Job Creation Projects. Category I applications must utilize a cash match (see match definition), which may include other state and federal grant or loan funds, cash contributions from the assisted business and/or the eligible applicant.

Match – New, unexpended cash funds available at the time of application that will be invested at the Montana project site by the local or tribal government and/or the assisted business within the contract period (2 years). Generally, investment made in the business at the project location no earlier than six months prior to the BSTF funding approval could be considered eligible match.

New Eligible Job –

A **net new** job created by the assisted business which employs an individual:

- A job that is new to the company and has not been filled prior to the BSTF notice of award effective date,
- Has at a minimum, an average of thirty-five (35) working hours per week on an annual basis, and
- The job pays wages that meet or exceed the average county wage (see page five for definition), excluding benefits.

The term does **not** include replacement jobs, part-time jobs, seasonal jobs, temporary jobs, or contractors.

Net New Job Example --

On the BSTF funding date the assisted business has 100 jobs filled by full-time employees. Two months later the assisted business fills 10 new jobs with full-time employees. Now the assisted business has 110 jobs filled by full-time employees and therefore has 10 net new jobs. Five months later the assisted business fills two new jobs with full-time employees and terminates five jobs the assisted business now has 107 jobs filled by full-time employees and therefore has seven net new jobs.

Project Site – The location in Montana within the jurisdiction of the eligible applicant at which the BSTF funds will be expended and the new eligible jobs will be created.

High-Poverty County – A county in the state of Montana in which 14% or more of people of all ages are in poverty as determined by the U. S. Census Bureau estimates for the most current year available. A current map of counties that meet the High-Poverty County definition and are eligible to receive BSTF funding at the higher level may be obtained at the BSTF program web site www.bstf.mt.gov or may be requested from the Department.

Temporary Employee – A temporary employee is an individual employed by a Temporary Staffing Agency that agrees to work on short term work assignments for other companies. Temporary employees are not eligible for BSTF funds.

Tribal Government – One of the seven federally recognized tribal governments of Montana and the Little Shell band of the Chippewa Indians.

SECTION II ELIGIBILITY

A. Eligible Applicants for BSTF Category I: Economic Development funding include:

1. Incorporated cities or towns,
2. Counties,
3. Consolidated governments,
4. Tribal governments (includes any state or federally recognized Indian tribe within the state of Montana), and
5. Public districts or local public entities with the authority to spend or receive public funds.

Special purpose agencies, such as Certified Regional Development Corporations and other economic development organizations, are **not** eligible to apply directly to the Department for Category I funding; however, they may be involved in implementing and administering a project through a partner organization, if the eligible applicant agrees to such an arrangement.

As determined by the Department, eligible applicants or those they choose to partner with, must have the management capacity to undertake and satisfactorily complete the proposed project and assure proper management of BSTF awards.

The Department shall not award funding to any individual, organization, or governmental unit that is currently in default of the conditions of any loan or grant contract previously executed by the Department.

B. Eligible Assisted Businesses include:

1. A basic sector company (see definitions); or
2. Any other for-profit or non-profit business entities that:
 - Are engaged in business activities that will provide a significant positive economic impact to the community, region and/or the state beyond the job creation involved, and/or
 - Provide a service or function that is essential to the community, region and/or the state of Montana.

Due to the high likelihood of local and/or regional competition, businesses that compete locally, regionally and/or within the state such as **hotels, motels, and retail operations will generally be considered ineligible for BSTF funding**. These types of businesses may be eligible where certain mitigating circumstances exist, i.e. a grocery store in a small town in a sparsely populated area where there is no other competition.

C. Eligible Uses of Funds --Funding for other uses which do not meet the stated criteria below may be eligible at the discretion of the Department. Please contact BSTF staff to discuss. Eligible uses of funds include funding for the reimbursement of the following expenses:

1. Purchase of Land, Building or Equipment for the direct use of the assisted business,
2. Lease rate reduction for lease of public or privately owned real property for the direct use of the assisted business,
3. Relocation Costs incurred in connection with moving the assisted business's physical assets to Montana,
4. Employee Training: Direct costs associated with education or skills-based training for employees in new jobs at the assisted business. All necessary and incidental costs of providing new job training and education directed to the new eligible jobs are eligible for reimbursement. This includes all direct training costs, such as:
 - a) Program promotion,
 - b) Instructor wages, per diem, and travel,
 - c) Curriculum development and training materials,
 - d) Lease of training equipment and training space,
 - e) Miscellaneous direct training costs (such as employee training-related travel),
 - f) Administrative costs,
 - g) Assessment and testing,
 - h) In-house or on-the-job training, and
 - i) Subcontracted services with approved training providers.

Eligible training costs that are not direct costs attributable to specific new jobs (such as instructor costs, curriculum development and administrative costs) must be pro-rated and allocated to each eligible employee in a new job receiving training for which

reimbursement is requested. The pro-rated costs then count towards the maximum \$4,750 (or \$7,125 for High-Poverty Counties) training cost per eligible new job.

Salary or wages paid to an employee during training are **not** eligible for BSTF employee training funds.

5. Administration.

Local and tribal governments, with Department approval, may utilize a portion of the BSTF award for eligible administrative expenses. The total project administrative expenses reimbursed with BSTF funds **shall not exceed five (5) percent** of the total BSTF funds awarded per project:

- \$250 per new eligible job created **not** in a High-Poverty County or
- \$375 per new eligible job created in a High-Poverty County. (See *Definitions for job eligibility criteria*)

D. **Ineligible Uses of Funds** include costs associated with:

1. The transfer or relocation of jobs from one part of the state to another part of the state,
2. Salary, wages or benefits of employees of the assisted business, or
3. Generally, expenses incurred before the award date.

Please contact BSTF program staff for any questions regarding the eligibility of a proposed business activity prior to submitting an application to the Department.

E. **Eligible Match:** Generally, investment made in the business at the project location no earlier than six-months prior to the BSTF funding approval could be considered eligible match. Match (See definitions) that is equal to or greater than:

- \$1 for \$1 (100% match) of BSTF funds received for businesses **not** in a High-Poverty County, or
- \$1 for \$2 (50% match) of BSTF funds received for businesses in a High-Poverty County.

The following will **not** be considered as match:

- Investment made earlier than six-months before BSTF funding approval, without the written consent of the Department to incur project costs, will **not** be eligible to satisfy the match requirement,
- Existing assets purchased earlier than six-months before BSTF funding approval (Note: Existing assets that are physically relocated to Montana may be considered),

- In-kind services,
- Refinancing of existing debt,
- Projected operating cash flow,
- Existing equity,
- Existing bank line of credit amounts (Note: Increases in lines of credit contingent upon the receipt of BSTF funding may be considered).

SECTION III PENALTIES

Generally, funds are disbursed as jobs are created, relieving most of the risk to the local government or tribal government. However, if the local government or tribal government request the funds before the jobs are created, and the Department agrees to that request, the local or tribal government and the assisted business receiving BSTF financial assistance are liable for the full amount of the award that is advanced by the Department, if the assisted business:

- Fails to create or maintain the number of net new eligible jobs as specified in the executed contract and assistance agreement,
- Fails to inject the required amount of match into the project as specified in the executed contract and assistance agreement, or
- Ceases operations at the Project Site.

The penalty may be payable in one lump sum or in installments, with or without interest, as the Department deems appropriate.

Award withdrawal - The Department reserves the right to withdraw a commitment of any BSTF funds for projects not ready to proceed within six (6) months after the date of tentative award.

The financial information submitted must demonstrate that the business to be assisted is or will be an ongoing viable company that can achieve and maintain the amount of employment projected.

To determine the merit of each application and the eligible uses of BSTF funds, the Department Grant/Loan Review Committee (Committee) will review all applications from eligible applicants

and will make recommendations to the Director of the Department, who will make the final decision concerning funding awards.

Applications that are received and accepted as complete, and have received staff analysis and recommendations, will be submitted to the Committee at the next Committee meeting. Applications will be reviewed by the Committee, and if approved by the Committee and the Director, will be funded.

If funded, a letter of tentative award will be sent to the applicant and the assisted business stating what amount was approved for funding and any conditions that apply to the award. If the Company submits documents or information to the MDOC that it considers confidential and wishes the documents or information to be withheld from public disclosure, it will identify which part of the documents or information it considers confidential at the time the documents or information are submitted. The Company will identify the confidential items through an affidavit that clearly states the facts upon which it believes the documents or information should be withheld from public disclosure. The stated facts must be specific enough so that reviewing authorities can clearly understand the nature and basis of the Company's claims to the right of confidentiality. A statement that all documents or information submitted by the Company are confidential, or other conclusory statements, will be ineffective to prevent public disclosure. The Company understands and agrees that the affidavit it submits is subject to public disclosure.
3. If individual documents or information are not specified as confidential or the affidavit is factually insufficient to support confidentiality, the MDOC will deem the documents or information submitted as subject to public disclosure.
4. The MDOC will take reasonable steps to protect documents or information designated as confidential and for which the Company submitted an affidavit clearly stating the factual basis for the claim of confidentiality. Upon receiving a written request from a third party to review any confidential documents or information, the MDOC will notify the Company of the request in writing. The written notice provided by MDOC will enclose a copy of the third party request. The written notice and third party request will be sent by U.S. mail and by fax to the following addresses and fax numbers:

5. It is the responsibility of the Company upon receipt of the written notice from MDOC to take such action as is necessary to protect the documents or information from disclosure, including obtaining a court order protecting the documents or information from disclosure if necessary. If the MDOC does not receive an order from a court of competent jurisdiction ordering the MDOC to maintain confidentiality of the requested information or the MDOC is not notified of other arrangements made between the Company and the requesting party within 10 days from the date of the written notice by the MDOC to the Company of the third party request, the information will be disclosed to the requesting party, notwithstanding the affidavit. The MDOC will not assert the right of confidentiality for the Company in any court, whether sitting at law or in equity.

6. The Company agrees that in the event MDOC discloses documents or information in accordance with the provisions of this Agreement, the Company will not assert any claim, liability, demand, or cause of action against MDOC for a violation of any confidentiality interest in any documents or information that it has submitted to MDOC.

7. The Company agrees it will defend, indemnify, and save harmless the MDOC against and from any and all claims, liabilities, demands, causes of action, judgments, damages, and losses, including costs and attorneys' fees associated with any action for release of documents or information submitted to MDOC by the Company, whether such action is brought in the name of the Company or a third party.

8. These programs are federal and state programs managed by the MDOC and are subject to audit and monitoring reviews by federal and state officials. The MDOC is required by federal and state regulations and laws to provide access to state and federal audit and monitoring officials in order to document compliance with applicable state and federal regulations and laws. In the event and to the extent access to information provided to the MDOC by the Company related to one of these programs and otherwise subject to this Agreement is requested by federal or state auditors, the Company agrees that the MDOC may disclose such information to such auditors, provided that (a) such information is used only by such auditors for the purposes set forth in the previous sentence, and for no other purposes whatsoever; and (b) such information in the possession of or otherwise disclosed to such auditors shall remain subject to the provisions of this Agreement.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their respective duly authorized representatives as of the date first above written.
